- **Database:-** MySQL

TRAINING & PROJECTS

Java Full Stack Developer

Seeree Service Private Limited, Bhubaneswar

06/2023 - 02/2024

- A training and development centre specializing in full-stack development.

Developed a web application Education Management System

- The Modern Education Management System project aims to create a simple web application for managing educational activities. Built with Java Server Pages (JSP), Spring Boot, and Maven, the system provides a scalable and efficient solution for educational institutions to streamline their operations.
- **Tech Stack :** Java, Spring MVC, JSP, Maven, HTML, CSS, MySQL

Responsibilities:

- Gathered system requirements and participated in database design.
- Built dynamic data-driven web pages using JSP and Spring MVC.
- Wrote backend logic with Spring and implemented form validation including custom validation rules.
- Integrated MySQL database using JDBC and managed configurations via Maven.
- Troubleshoot and resolved database and deployment issues, ensuring smooth functionality.
